EVOLVE Starter Guide

How do Parent/Carers make a booking?

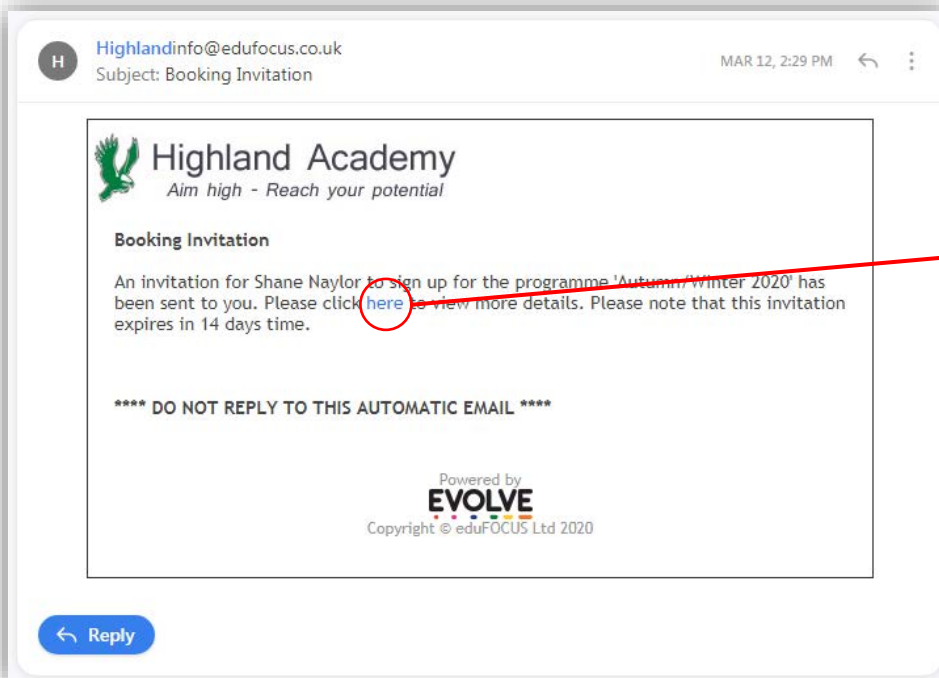

The following information outlines what happens once we as a school click 'Promote' to publish our Enrichment Programme to parent/carers and students.

There is no requirement for the parent or student to create an account - this is entirely optional and simply involves setting a password for the account. The advantage of creating an account is that the parent can keep a track of booked clubs, visits (if using EVOLVEvisits), payments, and consent requests.

Step 1

Parents receive an email from EVOLVE inviting them to view the Clubs Programme:

Click the text “[here](#)” – this is a hyperlink that will open a new page and allow you to view more details.

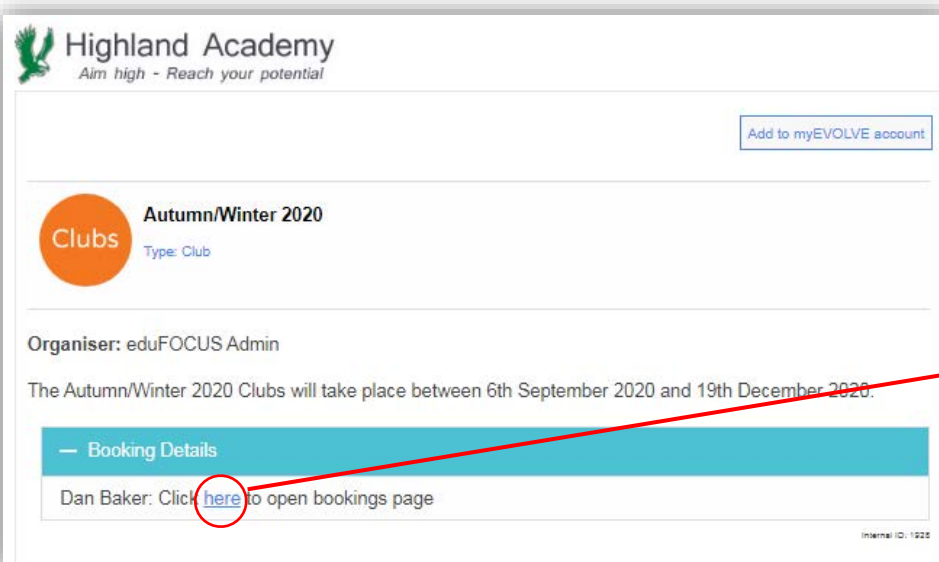

Step 2

The website will load.
